Comments:
Input jacks are drawn as on the schematics from 1972. -Wrong I guess.
Changes will be made when I know the correct wiring.
FAC is drawn as from the switching side not the wiring side - I guess.
ORANGE OR120 GRAPHIC MkII
Early 1970's  Output - amp
Schematics from 1972  Drawn by B.Hickmott 2004
ORANGE OR120 GRAPHIC MkII
Early 1970's Power Supply

Schematics from 1972 Drawn by B. Hickmott 2004

Comments: No lamp is drawn in on the original schematics.
I will add one here when I am informed of its correct wiring.
The missing ground on the negative bias has been added.
